PROJECTS

Medicare Track (06/2023 - 08/2023)

- The 'Medicare Track' project aims to simplify medical storage systems by developing an innovative and efficient storage solution leads the unique needs of healthcare facilities. In today's rapidly evolving healthcare world.

Professional Portfolio (11/2023 - Present)

- Discover my portfolio, crafted with Next.js for robust web development, enhanced by sleek animations from Framer Motion, and styled with efficiency using Tailwind CSS. A concise blend of cutting-edge technologies showcasing my work in a dynamic and visually appealing manner.

Todo-list React (11/2023 - 11/2023)

- Developed a responsive Todo List web application using React, featuring task creation, editing, and deletion functionalities. Implemented dynamic user interfaces for seamless task management.
